A Message From The President

Hello friends! My favorite time of year has come around again - Fair Time! I look forward to this every year.

I know it means lots of work for the fair board family but also lots of good times, good friends and of course meeting new friends.

We hope this year's fair will be bigger and better than before. That is our goal every year. We have tried to improve many things since last year. Hope you can tell the difference and know there are more improvements ahead.

Bring your friends, bring you family and come out to share the good times and good food and fellowship with everyone at the Overton County Fair. We look forward to seeing you!

Ronnie M. Smith
Overton County Fair Association President

A Message From The Overton County Executive

On behalf of Overton County, welcome to our 86th !!!! annual County Fair. My family and I enjoy coming to the Overton County Fair, we are here mostly every night. My wife and I started dating at this very fair 22 years ago. I guess you can say, it's a big part of our life. Some of my favorite things to do at the fair are to look at all the exhibits, listen to the singing, and watch the shows. Oh, and you can't forget that they sale homemade fried apple pies under the grandstands.... Along with other fresh baked goodies. Come enjoy yourself, bring the family. Live, Laugh, play and enjoy. A big thank you to all the fair board members and every one of you that help make this happen year after year.

Thank You and God Bless

*Steven Barlow

TO OUR ADVERTISERS - WE THANK YOU!

The cost of publishing this Annual Premium List of the Overton County Fair was underwritten by the businesses and individuals of Overton County and adjoining counties, some of which have supported this effort for many years.

Many others have joined our family of advertisers throughout the years. We appreciate this support.

To those of you who enjoy the fair - the exhibits, shows and displays, and otherwise use this book - we ask you to patronize our advertisers who support the Overton County

Fair and who made the publication of these catalogs possible. Thanks also to everyone for their time and help.

The Officers and Directors of the Overton County Fair Board

State Aid To Fairs

From the funds appropriated by the General Assembly of the State of Tennessee and for the purpose of aiding agricultural fairs in supplementing the payment of agricultural premiums: namely in Adult and Junior Agricultural, Livestock, Poultry, Women's Work and Agricultural Exhibits, the Overton County Agricultural Fair has been allotted its proportionate share by the Tennessee Department of Agriculture.

"For the purpose of further encouraging fairs to excel in their usefulness to their respective areas, a Merit Award provision was also made in the appropriation. It is hoped that the OVERTON COUNTY AGRICULTURAL FAIR can have an exhibition sufficiently creditable to warrant its receiving one of the special Merit Awards in addition to its allotment of State Aid."

Policy for Admission is \$3.00 for everyone age six (6) years & above, except for Tuesday, July 22, Wednesday, July 23 & Saturday, July 25 will be \$5.00

2025 FAIR REGULATIONS

(Livestock Health Requirements for Fairs and Exhibitions)

SPECIAL COMMENTS:

1) It is expected that all exhibitors bring only healthy animals to fairs and exhibitions. Although state and federal animal health officials will be performing as many inspections as possible, **fair officials are responsible** for ensuring that all animals entering fairs for exhibition are in overall good health and are accompanied by a Certificate of Veterinary Inspection. Animals showing clinical signs of contagious disease should be sent home immediately. Violations should be reported to the state veterinarian or his agent.

2) Certificate(s) of Veterinary Inspection (CVI) are to accompany all animal(s) to the respective shows with the exception of in-state Tennessee equine and poultry. In-state Tennessee equine six (6) months of age and older must have a negative Equine Infectious Anemia test within the preceding twelve (12) months. Poultry assembled at shows or exhibitions should be accompanied by evidence of a negative test for Pullorum-Typhoid within 90 days, **or be tested on-site prior to exhibition following strict biosecurity procedures**, or originate directly from a flock which has been certified as Pullorum-Typhoid Clean under the Tennessee Poultry Improvement Plan. As part of increased awareness and surveillance for Avian Influenza and other poultry diseases, the physical appearance of all birds should be assessed at the time testing is conducted.

3) Certificates of Veterinary Inspection issued in satisfaction of these Tennessee Fair Regulations shall be good for **90** days for Tennessee livestock only.

4) Certificates of Veterinary Inspection demonstrate that the animal showed no signs of contagious disease at the time of veterinary exam and CVI issuance. Animals developing signs of disease after inspection but during the period the CVI is valid are still subject to rules refusing entry of animals with contagious diseases to exhibitions and shows.

5) Please note that exhibition requirements for out-of-state livestock are the same as regular import requirements.

6) Warts, ringworm, scabies, contagious ecthyma (sore mouth), foot rot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis, pink eye/conjunctivitis) are considered contagious and infectious diseases and are NOT permissible.

6) Scabies, contagious ecthyma (sore mouth), footrot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis) are considered contagious and infectious diseases, and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.

7) All out-of-state poultry must originate directly from a Pullorum-Typhoid Clean Flock and a H5/H7 Avian Influenza Clean Flock or be accompanied by evidence of a negative Pullorum-Typhoid test within ninety (90) days and a negative official Avian Influenza test within twenty-one (21) days.

Also, please note that if highly pathogenic avian influenza is detected in Tennessee or a neighboring state, commingling of poultry at fairs and exhibitions may be suspended.

Event Biosecurity

Below is a summary of recommendations for fair management by the National Assembly of State Animal Health Officials and the National Association of State Public Health Veterinarians to better protect fair attendees from disease:

- Provide easy access to hand washing stations.
- Post informational signage that includes the following messages:
 - No eating or drinking in the animal areas.
 - Wash hands frequently.
 - No pacifiers, sipping cups or strollers in the animal exhibition areas.
- Discourage sleeping in the animal exhibition areas.
- If human or swine influenza-like-illness is associated with the exhibition, animal health and public health officials should be notified immediately.
- People who have influenza-like illness should leave the exhibition immediately and seek medical care. They should advise their health care provider about their fair attendance.
- People at high risk for developing severe complications from influenza should limit their exposure to swine.

Also, be aware of the potential exposure of fair attendees to Salmonella and E. coli 0157 from animals exhibited on the fairgrounds.

WALK-IN & AFTER HOURS CARE

5751 Bradford Hicks Drive
Livingston, TN 38570

Six things you should know when planting a tree.

1. Call Before You Dig - Several days before planting, call the national 811 hotline to have underground utilities located.

2. Handle with Care - Always lift tree by the root ball. Keep roots moist until planting.

3. Digging a Proper Hole - Dig 2 to 5 times wider than the diameter of the root ball with sloping sides to allow for proper root growth.

4. Planting Depth - The trunk flare should sit slightly above ground level and the top-most roots should be buried 1 to 2 inches.

5. Filling the Hole - Backfill with native soil unless it's all clay. Tamp in soil gently to fill large air spaces.

6. Mulch - Allow 1 to 2 inch clearance between the trunk and the mulch. Mulch should be 2 to 3 inches deep.

5. For more tree-planting tips and information, visit arborday.org.
